### AL-69 Intersection Improvements from Mimosa Park Road to the I-20/59 Interchange

The Alabama Department of Transportation (ALDOT) is proposing improvements to AL-69 Intersection Improvements from Mimosa Park Road to the I-20/59 Interchange in the City of Tuscaloosa, Tuscaloosa County, Alabama. Information about the project is available to the public for review and comment. Your comments may be provided by US mail, email, voicemail, or online as described below. Comments for the proposed project must be submitted by **February 20, 2026**.

### Project Description

This project consists of at-grade intersection improvements and access management along AL-69 from Mimosa Park Road to the I-20/59 interchange. Work will be performed at the intersections of AL-69 and Mimosa Park Road, Reese Phifer Avenue and Skyland Boulevard. AL-69 will be widened to add one northbound and one southbound lane from Skyland Boulevard through the I-20/59 interchange. The project includes access management, roadway widening and other targeted improvements that are designed to enhance both mobility and safety along the corridor. By reducing conflict points and improving traffic flow, these changes will help create a safer and more efficient roadway.
