

ALABAMA DEPARTMENT OF TRANSPORTATION
PROCEDURE FOR EVALUATION AND MAINTENANCE OF

LIST V-1

REFLECTIVE SHEETING FOR TRAFFIC CONTROL

1. **Material:** Reflective sheeting for sign faces and barricades placed on the approved list.
2. **Specification:** Article 880.02
3. **Jurisdiction:** Product Evaluation Board, Paint Laboratory
4. **Job Acceptance Requirements:** No Job Control samples required if material works satisfactorily. Finished signs should be sampled and tested according to the schedule found in the Department's "Testing Manual" and Department procedure ALDOT-245.
5. **Project Engineer's Responsibility:** The project engineer will be responsible for sampling and inspection as outlined in the Department's "Testing Manual"
 - 6.1 All reflective sheeting must meet the current requirements of ASTM D 4956 and AASHTO M 268 for the intended application to be
6. **Search: "AASHTO Product Evaluation and Audit Solutions"**

After the product is evaluated by AASHTO, and the results printed in the AASHTO Report, a request in writing must be made to the:

Product Evaluation Board
Alabama Department of Transportation
3704 Fairground Road
Montgomery, AL 36110
- 6.2 For digitally printed reflective sheeting, only sheeting printed by approved digital printer systems (systems will be defined as sheeting type and color, printer, ink, and clear overlay film) will be evaluated for approval and inclusion on the approved list. Approved digital printer systems are listed on List V-1.
7. **Producer's Maintenance Requirements:** Companies with products on this list must comply with the following to stay on the list:
 - 7.1 Produce the same quality of material as the material supplied for the original evaluation.
 - 7.2 Provide only approved products to Department projects.
 - 7.3 Promptly report to the Department any changes in company name, product name, company address or company ownership.
 - 7.4 Notify the Department of any changes in production of the product. Any alteration that will change the product physically will require a reevaluation of the product.
 - 7.5 Furnish certified test reports covering all parameters found in the department specifications, with each shipment.
 - 7.6 Promptly report to the Department any changes to the manufacturer's Build America, Buy America (BABA) compliant Status
8. **Laboratory Testing:** The Department will check all data submitted for the product to insure compliance with the Department's Specifications.
9. **Contractors' Requirements:** The prime contractor will be responsible for purchasing and using only approved products.
10. **Removal of Products:** Products may be removed from this list for any of the following:
 - 10.1 Mislabeling products or substitution of products other than those originally submitted.
 - 10.2 Failure to meet any of the Department's requirements for this type of material.
 - 10.3 Failure to work satisfactorily on the job.
 - 10.4 A change that will affect the manufacturer's BABA status requirement(s) will result in either (1) the product being removed from the approval list or (2) will remain on the approval list and will be labeled as non-compliant and can be used on non-federal funded projects.

11. **Correspondence:** All correspondence concerning this list should be directed to the following:
