

ALABAMA DEPARTMENT OF TRANSPORTATION
PROCEDURE FOR EVALUATION AND MAINTENANCE OF

LIST II-33

NON-SHRINK GROUT

1. **Material:** Prepackaged non-shrink grout
2. **Specification:** None
3. **Jurisdiction:** Product Evaluation Board (Concrete Engineer)
4. **Job Acceptance Requirements:** No job control testing required if material comes from a listed source and performs satisfactorily. Submit samples to the Central Laboratory if the material is suspected of being inferior.
5. **Project Engineer's Responsibility:** The Project Engineer must verify that the materials are from approved sources.
6. **Producer's Initial Requirements**

Companies wishing to have products of these types evaluated for placement on this should furnish the Product Evaluation Engineer with the following:

 - 6.1 A certified test report showing product compliance with ASTM C1107, *Standard Specification for Packaged Dry, Hydraulic-Cement Grout (Nonshrink)*. No test data older than 5 years prior to the date of submission will be accepted.
 - 6.2 Technical data sheets providing all pertinent information relative to the product to be evaluated, including, but not limited to: manufacturer's specifications, mixing instruction, recommended application procedure, & typical analysis.
 - 6.3 Materials Safety Data Sheet (MSDS).
 - 6.4 New Product Evaluation Form & certification review fees, in accordance with ALDOT-355.
7. **Producer's Maintenance Requirements:**

Companies with products on this list will be required to comply with the following to remain on the list:

 - 7.1 Produce the same quality of material as supplied for the original evaluation.
 - 7.2 Provide only approved materials to Department projects.
 - 7.3 Notify the Department within thirty (30) days of any changes in company name, product name, company address or company ownership.
 - 7.4 Immediately notify the Department of any changes in production of the product. Any alteration that will change the product chemically or physically will require a reevaluation of the product.
 - 7.5 Promptly report to the Department any changes to the manufacturer's Build America, Buy America (BABA) compliant Status
8. **Contractor's Requirements:** The prime contractor will be responsible for purchasing and using only approved materials.
9. **Removal of Products:** Products will be removed from this list for any of the following:
 - 9.1 Mislabeling products or substitution of products other than those originally evaluated.
 - 9.2 Failure to comply with any of the requirements of this procedure or Department Specifications.
 - 9.3 Failure to perform satisfactorily in the field.
 - 9.4 A continued pattern of failure of products to be within the quality control limits set in the specifications.
 - 9.5 A change that will affect the manufacturer's BABA status requirement(s) will result in either (1) the product being removed from the approval list or (2) will remain on the approval list and will be labeled as non-compliant and can be used on non-federal funded projects.
