

ALDOT Product Evaluation Product Domestic Certification Form Instructions

INSTRUCTIONS: Review **2 CFR part 184** at <https://www.federalregister.gov/documents/2023/08/23/2023-17724/guidance-for-grants-and-agreements>

Please submit this form to confirm that your product complies with the Buy America Preferences for Infrastructure Projects, 2 CFR part 184. This information will be used by The Alabama Department of Transportation (ALDOT) to determine the product's federal funding eligibility. This document will become a permanent part of the product approval records and is subject to product change and re-qualification requirements in accordance with the ALDOT 2022 Standard Specifications for Highway Construction.

All products will remain on the Materials, Sources, and Devices with Special Acceptance Requirements (MSDSAR) Lists with the appropriate federal funding eligibility designation identified. Products that meet the federal definitions for domestic compliance for products and materials will be eligible for use on federally funded projects. Products that do not meet the federal definitions for domestic compliance, and products that do not supply the product information, will be categorized as not eligible for federal funding until the necessary domestic compliance documentation is received.

To complete the Product Domestic Certification Form, please use the information below as a guide. Submit the completed form by email to ALDOTBABACOC@dot.state.al.us.

Use the following descriptors to complete the form. Failure to complete the form in its entirety will be returned and not eligible for use on federal funded projects.

- **Section 1 - Product Name:** The name of the product as it appears on the [MSDSAR list](#). If the product is not currently an approved product, use the product name as it appears on the product packaging. **Include the product Model Number. If there is no associated model number enter 'N/A'.**
- **Section 2 - PEB No.:** The ALDOT Product Evaluation Board (PEB) number assigned to the product. The number may be found on the approval letter from ALDOT. If unknown, please contact the Product Evaluation Engineer, Mr. Earnest Colvin at (334)353.6940. If the product is not currently an approved product, manually enter '0000'.
- **Section 3 - Company/Manufacturer Name:** The company/manufacturer name as it appears on the [MSDSAR list](#). If the product is not currently an **ALDOT** approved product, use the company name as it appears on the product packaging.
- **Section 4 - Mailing Address:** The mailing address for communication regarding products and materials.
 - A P.O. Box is acceptable. Ex: Street number, address, city, state, zip code
- **Section 5 - Physical Address:** The physical address is where the product's production facility is located. If it is the same as the Mailing Address, you can enter 'Same as Mailing Address'.
- **Section 6 – Material Category** – please answer the questions
- **Section 7 – Manufacturing Processes and Facilities** – please answer the questions
- **Section 8 – Submittal/Certification:** **This certification must be completed by an authorized and knowledgeable representative of the manufacturer.**

The completed Product Domestic Certification Form should be emailed to: ALDOTBABACOC@dot.state.al.us.

For more information, please contact the Product Evaluation Engineer by email at ALDOTPEB@dot.state.al.us or (334) 353.6840.

ALDOT Product Evaluation

Product Domestic Certification Form

MANUFACTURED PRODUCTS

1. PRODUCT NAME: _____ Model No. _____

2. PEB No. (if known): _____ MSDSAR List _____

Company Information, if different from information shown MSDSAR List

3. Company / Manufacturer Name: _____

4. Mailing Address: _____

5. Physical Address where the product is manufactured (if different from above): _____

6. Materials

Categories	Response (select response)
Iron or Steel: Does this product contain more than 50% Iron or Steel?	<p>Yes: Do not use this form</p> <p>No: continue with questions</p>
Construction Materials: Does this product contain more than 50% of any of the following materials: Non-Ferrous Metals, Plastic or Polymer Based Products, Glass (including optic glass), Optical Fiber, Fiber Optic Cable (including drop cable), Lumber, Engineered wood, Drywall	<p>Yes: Continue with questions</p> <p>No: Stop and Complete Certification Statement below AND submit the BABA Certificate of Compliance Form</p>

7. Manufacturing Processes and Facilities:

Cost of components (total %) that are mined, produced, or manufactured in the United States, per 2 CFR parts 184.2 and 184.5:	<p>_____ Percent Domestic (1% to 100%)</p> <p>If > 55% domestic, complete remainder of form</p> <p>If <55% domestic, product is not eligible for Federal Funds</p>
Has product completed 'final assembly requirement' in the United States per 2 CFR part 184	<p>Yes: continue with questions</p> <p>No: product is not eligible for federal funds</p>

MANUFACTURED PRODUCTS

Is the company owned and operated in the United States?	Yes: Location/Address	No: continue with questions
---	---------------------------------	------------------------------------

Is the company owned or operated by Third Party/Other in the United States? (explain below)	Yes: Location/Address	No: Complete Certification Statement below AND submit the BABA Certificate of Compliance Form
---	---------------------------------	--

PART 1: Company/Manufacturer, Representative and Material Information

Company/Manufacturer: _____			Company Representative Name: _____		
Address: _____			Address: _____		
City: _____	State: _____	Zip: _____	City: _____	State: _____	Zip: _____
Email: _____		Phone: _____	Email: _____		Phone: _____
Product Name: _____			PEB Number: _____		
Type of Material (pick one):					
Construction Material		Manufactured Products		QPL Item	
Specify Main Type of Construction Material:					
		Non-Ferrous Metal	Glass (including optical glass)	Lumber	Drywall
Plastic and polymer-based products (including polyvinylchloride, composite building materials, polymers used in fiber optic cables)					
MSDSAR list currently approved or requesting approval for:					
Description of Material or Product:					

PART 2: Declaration (check applicable box)

The construction material described above complies with BABA requirements. All manufacturing processes for this material occurred in the United States.

The manufactured product described above complies with the BABA requirements. The product was manufactured in the United States and the cost of the components of the product that were manufactured in the United States exceeds 55 percent of the cost of all components according to the following formula:

$$\frac{C_{US}}{C_{all}} \times 100 > 55\%$$

Where:

C_{US} = Cost of those components manufactured in the United States
 C_{all} = Cost of all components

PART 3: Certification (read and check all boxes before signing)

I certify that the description above is a true and accurate description of the material or product provided.

I certify that the construction material or manufactured product is in compliance with BABA requirements.

I certify that I have knowledge that submitting false statements and/or information may result in civil and criminal penalties.
